The Light That Never Fails

The Angle Lamp

ALSO CARRY A GOOD STOCK OF HANGING. STAND AND HAND LAMPS

Another Large Shipment of Angle Lamps.

"THE ANGLE LAMP"

THAT NEVER FAILS.

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the Islands people are threwing away their od lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but, besides being infinitely cheaper, it is more brilliant and more reliable in the targain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barberous contrivance. THE ANGLE LAMP never amokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the idealight from every standpoint. We carry these lamps from \$1.50 up.

Editor Evening Bulletin: —
There has been such an amount of rehashing of "The lower house deliberately held up the Loan Act" and kindred statements by "The Hawalian Star," the latest being in the issue of last Friday, that I have looked up action on this bill in order to assure myself that my recollection was not at fault and here is what I found:

Loan bill No. 65 and appropriations under Loan bill, No, 66 introduced into the Senate, April 1st, 1901, by Cecil Brown. Bulletin: -Evening

The first reference to same in the

The first reference to same in the printed journal is as follows:
April 1st. afternoon session.
Senator J. Brown moved that the Loan Act be taken off the table for consideration. Senator C. Brown seconded this motion with the understanding that both the bills relating to the loan be taken from the table. The the loan be taken from the table. The amendment was accepted by Senator J. Brown and seconded by Senator Bald-

win.
Senator C. Brown moved that the Senator C. Brown moved that the bills be referred to the Printing Committee. Seconded by Senator J. Brown and there being no objection, the bills were referred to the commit-

tee named. Senator White having moved to adjourn, motion was seconded and then withdrawn in order to allow some small matters of business to be attended to whereupon Senator C. Brown moved that the two loan bills be read by title-seconded by Senator Kalauo-

April 4th-Senator Achi reported for the Printing Committee that Senate bills No. 65 and 66 had been printed and were ready for distribution and the report was accepted on motion of Senator Kaohi. At the afternoon session Senator Achi moved to take up consigeration of Senate bills No. 65 and No. 66, there being no objection it was no ordered.

Second reading by title of Senate bill No. 65, an act to provide for public loans.

Senator C. Brown moved that the bill be referred to the Committee on Ways and Means, seconded by Senator Kalauokalani and carried. Like disposition was made of Senate bill No. 66 on the motion of Mr.

Senate Committee on Ways and Means were Messrs, Kanuha, G. R. Carter and Dr. Russel, and the two former brought in a report on April 23d recommending the passage of the bill. Dr. Russel did "not concur" in the re-

On the same date the same commit-tee reported a substitute for Senate bill No. 66. Dr. Russel again "not con-

A motion by Senator Kalauokalani to again refer the two bills to the Printing Committee, seconded by Sen-

ator Kahilina, was carried.

April 25th—Senator Carter moved that the rules be suspended in order to allow him to change the footing of the Loan bill (Senate bill No. 66), the same not agreeing with the actual to-tals. Seconded by Senator Achi and

carried.
Senator Carter then announced the places in Senate bill No. 66 which he intended to correct, Senator Achi moved that the Print-

ing Committee be ordered to allow the changes stated by Senator Carter, sec-onded by Senator J. Brown and car-

At the evening session of the 25th Senator Baldwin moved that Senate bill No. 65 be taken up for consideration, seconded by Senator Nakapaahu and carried.

On motion of Senator Baldwin, sec-onded by Senator J. Brown the bill passed second reading. On motion of Senator Achi, s by Senator Achi the bill was

third reading by the Senate of its bills No. 65 and No. 66, and they were immediately passed first reading and or-dered printed. Sunday intervening, on April 29th, at

the evening session, Senate bills No. 65 and No. 66 were reported to the House by the Printing Committee. Owing to absence of Speaker and Vice Speaker Rep, Dickey was elected Speaker pro tempore and the Loan bills were taken up for second reading—No. 66 being the bill taken up.

Right here, Mr. Editor, let me say that I can take oath to the fact that on this particular evening was the first time. I ever set even on any Loan bill.

time I ever set eyes on any Loan bill or on the appropriations thereunder. Although a member of the Finance Committee I was never approached by anyone in the matter, and was too busily engaged with other committee work to be able to give the matter the work to be able to give the matter the consideration its importance might seem to have demanded. Under these circumstances it was

unfortunate that bill No. 66 came up first and that a line of inquiry was in-stituted—requests for figures and esti-mates on which the various items were based, which were quite pertinent in their way but disastrous to the progress of the bill. All this, mind you, accordor the bill. All this, mind you, according to the Governor, on the day prior to the closing of the Legislature. Where was the holding up of the Loan bill by the House? Who was to blame? What would the editor of the Star have done as a member of what he termed a "Similar" aggregation. "Simian" aggregation.

Consistency is the least evident qual-ity in the makeup of the Star combination and all that prompts me to write tion and all that prompts me to write
this is the purpose of showing the
course of the Loan Act as it went
through the two houses.
Yours truly,
JOHN EMMELUTH.
